

ULTREX FDA and USDA Compliance

ULTREX® UHMWPE extrusions, in natural and most colors (except black), when used in accordance with 21 CFR 177.1520, the applicable FDA polyolefin regulation, meet the requirements of specifications 2.1 and 2.2 of that regulation.

ULTREX® extrusions, in natural and most colors (except black), are also chemically acceptable as per the USDA as a component of packaging material in direct contact with meat or poultry prepared under Federal inspection.

The **UV Stabilizer** used in **ULTREX®** extrusions, was formulated with raw material ingredients listed under the provisions of the Food, Drug, and Cosmetic Act and corresponding regulations set forth in Title 21 of the Code of Federal Regulations.

The lubricant used in **ULTREX® extrusions**, is a food grade material.
